Chia Seeds from Outer Space!

Part 1: Before the Experiment

My Name:

Directions: You will come up with an experiment to see if your seed could survive harsh conditions, similar to what a seed would experience on the surface of Mars.

My experiment:

Why I have chosen this experiment:

When I try to grow my seed, I predict:

Before my experiment, I observe that my seed is:

Part 2: The Experiment

Name:

Time after soaking	Observations
24 hours	
48 hours	
72 hours	
96 hours	

Draw a picture of the seed after 1 week here:

Part 3: Summary

Name:

I expected to find:

I actually found:

I was surprised that:
