Spring 2020 MMS Science Working Team Meeting

April 15-17, instrument team splinters on April 14

Our NASA GSFC team will hold the next MMS Science Working Team meeting at **Goddard Space Flight Center**.

It is helpful to know that Washington's National Cherry Blossom Festival is currently scheduled for Mar 20 to April 12, although the weather between now and the date of the meeting will dictate peak bloom, of course.

We will collect presentation titles soon. Updates on this and other arrangements will be posted to the Team page at: <https://lasp.colorado.edu/galaxy/x/cAAAd>

ALL ATTENDEES MUST BE REGISTERED WITH GSFC SECURITY AT LEAST 30 DAYS IN ADVANCE OF THIS MEETING

[Register here](https://lasp.colorado.edu/galaxy/x/HcM9Aw) → <https://lasp.colorado.edu/galaxy/x/HcM9Aw>

- Please register asap, even if you are only thinking "maybe". You will also want to ensure you have your hotel reservation in place. Please see the Visitor's Guide attached for recommendations.
- **Foreign Nationals must be cleared by mid-March, please register now so that we may start that process.**
- Folks local to GSFC also need to register so as to facilitate refreshment planning.

Thank you for all you do for MMS,

Barbara

Dr. Barbara Giles
MMS Senior Project Scientist
Lead MMS Fast Plasma Investigation
Mail Code 673, Building 21, Room 063
Goddard Space Flight Center
