

**Come to the
Laboratory for Atmospheric and Space Physics
for a public lecture and book signing event**

From Jars to the Stars: How Ball Came to Build a Comet Hunting Machine

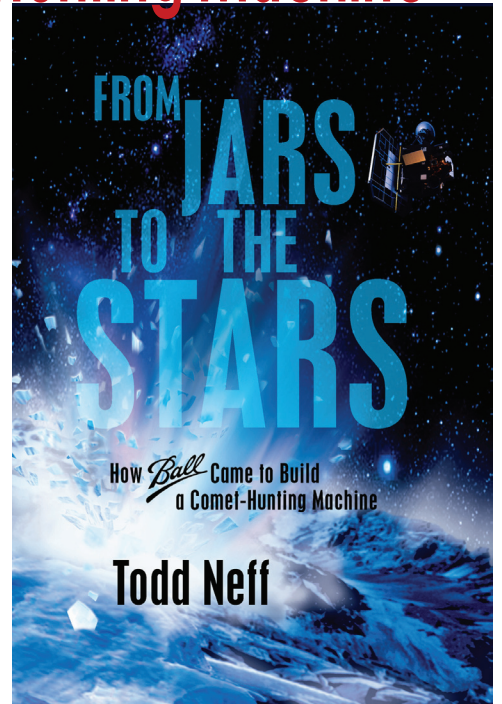

Todd Neff

Wednesday, January 26th

7:30 PM

Auditorium 299

**1234 Innovation Dr.
Boulder, CO. 80303**

Join author Todd Neff as he delves into the history of the aerospace industry in Boulder County and in the US, told from the perspective of how Ball Aerospace Corporation came to be: from its humble University of Colorado beginnings to building a machine that could touch a comet. Todd will be available after the talk to sign copies of his new book. These may also be purchased at the event.
