

The Electronic Geophysical Year, 2007-2008

eGY General Meeting, 5-6 March 2008

AGENDA Version: 080304a

Location: NCAR - National Center for Atmospheric Science, Boulder, Colorado
Mesa Laboratories (on the hill)

March 5th AM - Main seminar room

March 5th PM – Damon Room

March 6th - Damon Room

Maps and hotel locator are at: <http://www.ucar.edu/org/bouldermap.shtml>

Purposes of the meeting

1. Capitalize on the enthusiasm, capabilities and commitment of the eGY community.
2. Share information about progress, related initiatives/developments
3. Identify and plan remaining activities and conference events
4. Identify and plan publications
5. Plan for succession – CODATA WG, IUGG Union Commission

Social Events

IUGG is sponsoring two evening Social events.

1. Tuesday March 4th commencing 6:30 pm at the home of Bill Peterson, 2296 Kalmia Ave, Boulder Colorado, 80304. Phone: 303-443-6888 See google map: <http://www.google.com/search?source=ig&hl=en&rlz=&q=2296+kalmia+ave+boulder+colorado&btnG=Google+Search>
2. Wednesday March 5th, Daemon Room at the NCAR Mesa Laboratories after the meeting at 6:00 pm. A light, stand-up dinner with wine and beer will be provided.

Please e-mail Bill.Peterson@Lasp.colorado.edu if you plan to attend one or both of these events.

Pre-Meeting Preparation

Familiarise yourself with the objectives of the meeting

Put some thought into the anticipated products listed below. Please send additions/changes to the lists to Bill in writing (before or during the meeting).

The agenda is flexible – consider ways to improve it.

Come with your preferred definition of Informatics.

Check the eGY website for outdated items and inform Bill Peterson.

Anticipated products

Plan for any eGY Summary Publication.
 Work plan to December 2008, with dates and responsibilities.
 Calendar of conferences & meetings with planned eGY events.
 Updated plan for showcase demonstrations.
 Input to the Earth and Space Science Informatics Summit, Rome 13-14 March
 Updated lists of suggested activities for participants
 List of articles for newsletters and journals, with authors
 Further contributions to the eGY Spotlight series in EOS

Handouts (CD and some hardcopy)

<i>eGY General Meeting'08</i>	Agenda List of meeting participants
<i>Information</i>	Activities for eGY participants - suggestions Astronomers data manifesto (draft) Earth & Space Sci Informatics Summit - Plan, Rome, March 2008 eGY Spotlight for Eos - guidelines eGY mail list subscribers (Team, Participants, Observers) eGY Officers (web archive) eGY Declaration eGY showcases (web archive) Geoinformatics journals
<i>Marketing (please, distribute)</i>	eGY Brochure eGY Flier eGY Poster eGY logos eGY Invitation, including the eGY Declaration eGY Introduction.ppt – a template for introductory presentations
<i>Reports</i>	EGU 2007, Vienna report (Peter Fox) eGY Accounts eGY Secretary's report eGY General Meeting 2007, Boulder - report eGY Showcases report SEG Report for 2007 SEG The Leading Edge articles
<i>eGY-Africa</i>	Plan for eGY-Africa Questionnaire eGY-Africa Report from IHY Workshop, Ethiopia (with resolution) IHY-Africa, Ethiopia Report (Sunanda Basu) IHY-Africa resolution
<i>Work Lists (copies appended to this agenda)</i>	Calendar of conferences, meetings, and events Proposed articles and items for newsletters eGY Spotlight in EOS - contributions eGY Action list

Wednesday 5th March

08:30 Gather/Coffee and light breakfast. (Main Auditorium)

09:00 **Welcome** (Dan Baker, Exec.Director of LASP, Head of eGY)

09:15 **Opening remarks** (Tim Killeen, NCAR Director, AGU President)

09:30 **IPCC AR4 and AR5 and data challenge** (Lawrence Buja, NCAR)

Facilities; Reception arrangements (Peterson, Fox)

Objectives of the meeting

Review handouts

Modifications to the agenda?

People introductions (Baker)

“eGY basics” (Barton)

10:30 Break

10:45 **THE WORLD SCENE-1** (Parsons)

ICSU, SCID, FAGS (Fox)

CODATA and GICSI (Kihn)

Earth & Space Science Informatics: AGU, EGU, and GSA (Fox)

Earth & Space Science Informatics Summit, Rome (Parsons)

ICSU World Data Centers (Clark)

GEOSS (Siri Jodha Khalsa)

The European GRID (Petitdidier)

NASA Virtual Observatories and informatics (Roberts)

12:15 Group photo and Lunch in Cafeteria (join the natives)

LOCATION: Damon Room

13:30 **eGY-Africa** (Kebede)

Background and launch at the IHY Workshop in Addis Ababa (Barton)

Report on eGY-Africa (Mebrahtu, Secretary)

The African Scientific Network (Kebede)

Cyber-infrastructure in Africa; survey of Internet capability (Petitdidier)

Discussion

14:15 **Fresh Perspectives** (Walker)

The EarthScope Data Portal (Meertens)

NASA Earth Science (Khalsa)

NSIDC (Weaver)

eGY and other research data management at Columbia University (Bose)

CIESIN perspective on eGY (Yetman)

14:45 **Plan for succession** (Barton)

CODATA WG (Kihn)

IUGG Union Commission (Fox)

GeoUnions (Barton)

Data Manifestos (Barton)

Strategic summary and messages/recommendations (Peterson)

Final Event (Peterson)

15:30 Break

15:45 Identify and plan publications (Baker)

Informatics Journals (Fox)
AGU monograph (Fox)
eGY Spotlight Series in EOS (Barton)
Newsletter items and articles
Press releases, press conferences (Peterson)
eGY Summary Publication (Peterson)

17:00 OPEN DISCUSSION (Parsons, Barton)

17:30 Close (Fox)

18:00 Reception in the Damon Room outer.

Thursday 6th March

08:30 Gather and light breakfast (Damon Room throughout the day)

08:40 Start (Barton)

Summary & introduction to the day's program

09:00 INTERNATIONAL SCIENCE YEARS (Love)

IPY-DIS (Parsons)

IHY (Fuller-Rowell)

Last-minute speakers (arrange with Peterson)

Barbara Emery (NCAR/HAO)

09:30 eGY REPORTS (Parsons)

eGY Secretariat report & finance (Peterson)

eGY International Committee (Barton)

WG: Virtual Observatories (Fox)

WG: Data Rescue and Preservation (Love)

WG: Data Integration & Knowledge Development (Peterson for Bergmann)

WG Report: Best Practice (Kihn)

Conferences (Peterson, Fox)

eGY Showcase Projects (Peterson)

10:30 Break

10:45 CONFERENCE & EVENT PREPARATION (Peterson)

Virtual Observatories in the Geosciences (Fox)

IGC Oslo, Aug'08 (?)

Geoinformatics Summit (Barton)

COSPAR 2008, Montreal (Peterson)

CODATA 2008, Kiev (Barton)

AGU Dec'08 (Peterson)

Other conferences – see calendar

11:15 Strategic discussion and Message of eGY (Barton)

Update Worklists

What is the legacy eGY and how do we document it.

WDC policy

Wind-up event

Recommendations and resolutions

13:00 Lunch in Cafeteria (join the natives)

14:30 OPEN DISCUSSION (Fox)

Free agenda

15:15 WINDUP (Barton)

Summarise action items, timeline and responsibilities

Summarise worklists and confirm responsibilities

16:00 Close

16:30 – 17:30 eGY-Africa meeting to discuss detailed plans and funding
